## **Megastar's Board of Directors Approves Name Change of The Company to Madero Metals and Names Brian Ostroff as Executive Chair**

Vancouver, BC, Canada, January 21, 2021 – Megastar Development Corp. (“Megastar”, or the “Company”) (TSX-V: MDV; Frankfurt: M5QN; OTC: MSTXF) announces that its Board of Directors (the “Board”) has approved a name change to Madero Metals Corp., subject to approval from the TSX Venture Exchange. Management believes the new name better reflects the focus of the Company as a Mexican-centric explorer, pursuing opportunities around the Sierra Madre de Oaxaca (“Mad”) for precious metals (“oro”) exploration.

The Company is also pleased to announce that Brian Ostroff has been named Executive Chair of the Board following his appointment as Director at Megastar's recent AGM. Mr. Ostroff graduated from the University of Toronto (1986) before beginning his career in finance. Through his career, Mr. Ostroff has held positions in many areas of the capital markets industry including sales, M&A advisory and proprietary trading. In 2009, Mr. Ostroff joined Windermere Capital as a partner where he focused on the small and mid-cap resource sector. Mr. Ostroff was named to the Board of Arianne Phosphate in 2014 and has served as CEO there since 2016.

“On behalf of the whole Megastar team, I want to welcome Brian on board,” said Dusan Berka, CEO of Megastar. “I have known Brian for some time as he has taken an interest in the Company and I am looking forward to working closely with him to advance our projects.” Mr. Ostroff added that, “I have had long-standing successful relationships with many on the Megastar team and, although early stage, I am very encouraged by results so far. In joining the Company in a more formal way, I believe that I can work closer with the team and use my experience and contacts that I have built up over many years to help accelerate the advancement of the Company.”

### **ABOUT MEGASTAR DEVELOPMENT CORP.**

Megastar Development Corp. is engaged in the evaluation, acquisition and exploration of mineral properties in Mexico and Canada. Megastar has an option to acquire 100% interest in three epithermal Au-Ag mineral properties in Oaxaca, Mexico. Megastar also owns 100% interest in the Ralleau, VMS/lode gold mineral property in Urban Barry District, Lebel-sur-Quévillon area of Quebec, currently under 50% option to DeepRock Minerals Inc. (CSE: DEEP).
